

# Aircraft Armament Repairers Tool Kit

## Attack Helicopter

### New Tool Kit

MWO 1-1500-50-5 modernizes the **three-box** legacy Individual Aircraft Armament Repairman Tool Set by converting it to a **one-box** Aircraft Armament Repairer Tool Kit (AARTK).

### 3 to 1

AARTK, NSN 5180-01-667-9530, replaces the Individual Aircraft Armament Repairer Tool Set, NSNs 5180-01-578-3697, 5180-01-433-4469 and 5180-01-516-0223. This tool system is designed to maintain armament subsystems.

### AARTK Fast Facts

Three person lift

Weighs 98 pounds

Measures 24x18x15

### Added Tools

These tools increase the capability of the AARTK:

- Snap-on Soldering Iron
- Fluke Multimeter
- DMC Crimper (20-32 AWG)
- DMC Crimper (12-26 AWG)
- Environmental Crimper (12, 16, and 20)

### AARTK Affects:

- TM 1-1520-LONGBOW/APACHE ITEM (Jan) 18
- TM 1-1500-204-23-4 (Jul 92)
- TM 1-1500-323-23-1 (Apr 14)
- TM 9-1425-475-23&P (Jan 98)
