

HH-60M/UH-60/UH-60M: Get Covers for Your Aircraft

Covers protect aircraft from:

✓ UV Sunlight

✓ Rain & Hail

✓ FOD

✓ Temp Extremes

✓ Dirt & Sand

✓ Corrosion

When using the covers, make sure you take care of them because they're not cheap. Cleaning them during scheduled aircraft washing and following the cleaning and storage requirements of the original equipment manufacturer (OEM) should keep them in good shape.

Here is a short list of covers you can use when your aircraft isn't in operation.

Cover & Its Purpose	NSN	PN
CMWW chaff dispenser	5999-01-628-3405	12234A
Left side CMWS flare dispenser	5999-01-628-3473	122034B
Right side CMWS flare dispenser	5999-01-628-3464	122034C
Stabilator (UH-60M)	1560-01-673-6020	122035
Full cockpit/nose (UH-60M)	1560-01-673-6015	122037
Full cockpit/nose with FLIR (HH-60M)	1560-01-673-6019	122047
Cockpit/chin bubble	1730-01-683-3431	122038
T-700 engine on maintenance stand	1730-01-659-9991	122131
